REGION 'ROUND.

A Budget of Interesting Articles on all Topics.

Vandals entered the new Episcopal church at Shamokin and defaced the freshly plastered walls. Large holes were made and it is impossible to patch them up to make them appear as before.

The miners at the Enterprise colliery, near Shamokin, struck because the company tacked up notices informing the men that the breaker would hereafter work ten hours on Saturdays, and that everybody should be at work every morning at 6:30 o'clock.

Samuel Edwards was crushed to death beneath a fall of coal at Logan colliery, Centralia, Tuesday. His death was instantaneous, as there was scarcely a bone in his body that was not broken. He leaves a wife and three children.

John Watkins, aged 73 years, who received fatal injuries in the abdominal region by being bumped between mine wagons at Morea colliery on Friday last, died Tuesday evening.

A foot race will take place on Saturday, 100 yards distance, between Patrick Helland, Park Place, and John Hackett, of Robinson's, for a purse of \$100 a side. It will take place in Mahanoy City park.

The Tri-Weekly Record of Mahanoy City was yesterday distributed to non-subscribers free of charge by order of the Borough Council, so that all should see the borough ordinances.

The co-partnership existing between Charles F. King, George Scott and Edward Askew, at Ebersville, Luzerne county, has been dissolved. Mr. Askew retires and the firm will consist of the other two and will be known as heretofore as Charles F. King & Co.

John E. Davis, fire boss at the Best colliery, had his ankle sprained by having it caught between the bumpers of the wagon and the sills while riding up the slope.

On the 20th inst., the corner stone of the new P. O. B. of A. hall at Free-land will be laid with impressive ceremonies. Among the prominent speakers who will be present is State President Spiess. A parade will take place in the afternoon.

About three weeks ago a nice looking Hun visited Hazleton and sold three hundred bonds to his countrymen of Buda Pesth, in Hungary, had, he said, issued bonds which were placed at a par value of \$10.00. These bonds were redeemable in eight months with ten per cent. interest. This was, of course, a fair investment but it was really a side issue. The main feature of the scheme was a lottery. Each bond counted as a ticket in the lottery. The drawings were to have been made on September 1st. There were five capital prizes of \$40,000, \$30,000, \$25,000, \$20,000 and \$15,000 and smaller sized prizes dropping down gradually from \$15,000 to \$5. The purchasers have discovered that they were swindled.

STRAW HATS

A Big Sale in Straw Hats

STRAW show the way the wind blows, but they don't show what hard blows we have been striking at straw hat prices. Some hats are dear at any price; these hats are cheap at double the money. If what covers your head is not becoming to you, all the pains you take as to the rest of your attire are simply thrown away. Come and see how you will look in one of our straw hats. There is no use in giving any further description of them than to say this—they are stylish. We cut the price down because we want to cut our stock down. A rather big bargain in hats is our \$1 black stiff hats.
